

## **England U23 Squad Announcement – UK Outdoor Tug of War Championships**

We are pleased to announce our selection for the UK Championships

As you may be aware, we have a very strong squad this year of 23 of England's finest youth pullers contending for a place in the England National "C" team. We have had some tough decisions to make in our selection and, it is never easy to leave someone out especially with the quality of pullers we have in our squad.

Selections for the team have not yet been made for the World Championships in Minehead. Everyone in our squad is still in the running for a place in the open and closed competition. We are hoping to enter two teams in the open U23s so there is still a lot to aim for. Make no mistake no one's place is guaranteed and teams can change from competition to competition training etc.
